

# MATERIALS MATTER

**4 MAY 2022**

Humboldt Lab (in the Humboldt Forum)  
Schloßplatz, 10178 Berlin

17:00 - 18:30

## **Perspectives on Active Materials**

Conversation with Bernadette Bensaude-Vincent, Michaela Eder,  
Peter Fratzl and Richard Weinkamer

**5 MAY 2022**

Humboldt Lab, Seminar room  
Schloßplatz, 10178 Berlin

9:00 - 9:15

## **Welcome**

Wolfgang Schäffner

9:15 - 9:45

## **Materials Matter - Introduction**

Michael Friedman and Karin Krauthausen

9:45 - 10:45

## **Materials as Partners of Technological Adventures**

Bernadette Bensaude-Vincent

10:45 - 11:00

Coffee Break

11:00 - 12:00

## **Plant Movements - An Often Overlooked Source of Inspiration for Bioinspired Motile Materials Systems and Structures**

Thomas Speck

12:00 - 13:30

Lunch

13:30 - 14:30

## **On the Activity of Materials**

Peter Fratzl and Wolfgang Schäffner

14:30 - 15:00

## **Commentary on the Lectures and the Epistemology and Mediality of Materials – Followed by a General Discussion**

Commentary by Christian Reiß

15:00 - 15:05

## **Farewell**

Peter Fratzl

An event of the Cluster of Excellence »Matters of Activity. Image Space Material«  
at Humboldt-Universität zu Berlin and of the Cohn Institute for the History and  
Philosophy of Science and Ideas, Tel Aviv University. The event takes place in  
cooperation with the Humboldt Lab.

Registration for both events is mandatory:  
please register at [www.matters-of-activity.de/materials-matter](http://www.matters-of-activity.de/materials-matter)

Organized by: Michael Friedman and Karin Krauthausen
